

Fresh Prepped Meals — Delivered Ready to Cook!

Cook! SF Review

In the [last Tasty Bites](#), we gave away 10 free meal kits from [Cook SF](#), a new organic meal delivery service in San Francisco. Congrats to the 10 winners!

If you haven't checked it out yet, they're still having a [50%-off promotion](#) until the end of October. It's a convenient, efficient service where you can whip up a massive, delicious three-course meal in literally 20 minutes. (No thinking required, hooray!)

We tried the Grilled Steak with Shitake Mushroom Sauce. It came with a fresh greens salad with pears, bleu cheese and walnuts, perfectly mashed new potatoes, and mint chocolate brownies with dark chocolate sauce. Wow. We were stuffed. And we had leftovers for another meal. Definitely delicious and recommended!
